

RIPIT NWB

NWB SLITTING CORD | POLYESTER | FLAT/OVAL

Performance non-wicking polyester ripcord bonded with a special resin to protect the filaments. *This feature provides additional ripping capacity without having to increase ripcord size. Extremely flat, this allows for reduction in jacket thickness and lends exceptional abrasion resistance to the fibers.

FEATURES & BENEFITS

- Non-Wicking
- Bonded
- High tenacity, low shrink polyester
- Flat, ribbon like
- Designed for slicing through demanding jacketing materials
- Exceptional abrasion resistance
